

STEAMBOAT SPRINGS RURAL FIRE PROTECTION DISTRICT

RESOLUTION NO. _____

A RESOLUTION ADOPTING THE INTERNATIONAL FIRE CODE, 2003 EDITION, INCLUDING APPENDIX CHAPTERS B AND C; PRESCRIBING REGULATIONS GOVERNING CONDITIONS HAZARDOUS TO LIFE AND PROPERTY FROM FIRE, HAZARDOUS MATERIALS OR EXPLOSION; PROVIDING FOR THE ISSUANCE OF PERMITS FOR CONSTRUCTION OR OPERATIONAL ACTIVITIES; CREATING A FEE SCHEDULE FOR FIRE PERMITS, PLAN REVIEW AND INSPECTIONS PROVIDED BY FIRE PREVENTION SERVICES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Steamboat Springs Rural Fire Protection District Board believes it is in the best interest of the public health, welfare, peace and safety of its citizens and visitors to adopt the International Fire Code; and

WHEREAS, the Steamboat Springs Rural Fire Protection District Board members have reviewed, and desire to adopt, the International Fire Code, 2003 Edition.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF THE STEAMBOAT SPRINGS RURAL FIRE PROTECTION DISTRICT, THAT:

Section 1. ADOPTION OF THE INTERNATIONAL FIRE CODE

There is hereby adopted by the Steamboat Springs Rural Fire Protection District for the purpose of prescribing regulations governing conditions hazardous to life and property from fire, hazardous materials or explosion, that certain Code known by the International Fire Code, including Appendix Chapters B and C, published by the International Code Council, being in particular the 2003 edition thereof and the whole thereof, save and except such portions as are hereinafter deleted, modified or amended by Section 4 of this resolution, three (3) copies of which have been and are now filed in the office of the Steamboat Springs Rural Fire Protection District and the same are hereby adopted and incorporated as fully as if set out at length herein, and from the date on which this resolution shall take effect, the provision thereof shall be controlling within the limits of the Steamboat Springs Rural Fire Protection District.

Section 2. ESTABLISHMENT AND DUTIES OF BUREAU OF FIRE PREVENTION

- 2.1** The International Fire Code as adopted and amended herein shall be enforced by the Bureau of Fire Prevention (or other designated agency) in the Public Safety Department of the City of Steamboat Springs.

The Fire Marshal, or his designee, shall be in charge of the Bureau of Fire Prevention.

- 2.2** Enforcement of the International Fire Code including, but not limited to, permits and inspections shall be done pursuant to the fire codes and regulations adopted by the City of Steamboat Springs.

Section 3. DEFINITIONS

- 3.1** Wherever the word “jurisdiction” is used in the International Fire Code, it is Steamboat Springs Rural Fire Protection District.

Section 4. AMENDMENTS TO THE INTERNATIONAL FIRE CODE

The 2003 Edition of the International Fire Code is subject to the following amendments and deletions:

- 4.1 Section 105. Permits** - shall be amended to add the following sections.

105.1.4 Permit Fees. The fee for each permit shall be as set forth in the fee schedule adopted by the jurisdiction. The determination of value shall be made by the Fire Marshal. In addition, the value to be used in computing the Fire Permit and Plan Review fees for Fire Alarm and Detection systems, Automatic Fire Extinguishing systems, and Commercial Kitchen Hood Extinguishing systems shall be the total value of all work for which the permit is issued, therefore the permit applicant must provide a copy signed by the Owner/General Contractor of the permit applicant’s accepted bid to obtain a permit. If the work being done is on a time and materials basis, the permit applicant must provide a letter with an estimate of the value of the work to obtain the permit, however, a signed copy from the Owner/General Contractor of the final bill must be submitted to Fire Prevention before any final inspections will be done. At that time any adjustments to the purchase price of the permit may be made. After the final bill is provided to Fire Prevention final inspections can be scheduled for completion of the job.

All other permits fees shall be as listed in Table 105-D, SECTION III & IV

Whenever work for which a permit is required by the fire code has been commenced without first obtaining a permit, a special investigation shall be made before a permit may be issued for such work. An investigation fee, in addition to the permit fee, may be collected whether or not a permit is then or subsequently

issued. The investigation fee shall be equal to the amount of the permit fee required by Table 105-D. The payment of such investigation fee shall not exempt an applicant from compliance with all other provisions of this code nor from any penalty prescribed by law.

105.1.5 Plan Review Fees. When submittal documents are required by the Fire Marshal for Fire Alarm and Detection systems, Automatic Fire Extinguishing systems, and Commercial Kitchen Hood Extinguishing systems a plan review fee shall be paid at the time of submitting the submittal documents for review. Said plan review fee shall be 65 percent of the Fire Permit Fee as adopted by the jurisdiction.

When submittal documents are incomplete or changed so as to require additional plan review or when the project involves deferred submittal items, an additional plan review fee shall be charged at the rate shown in Table 105-D, SECTION IV.

General Building Permit Applications and Development Review plan fees shall be charged at the rate shown in Table 105-D, SECTION II.

Plan review fees specified in this section are separate fees from permit fees specified in Section 105.1.1 and are in addition to any other permit fees.

Table 105-D -- FIRE PREVENTION FEES

SECTION I FIRE PERMIT FEES FOR FIRE ALARM and DETECTION SYSTEMS, AUTOMATIC FIRE EXTINGUISHING SYSTEMS and COMMERCIAL KITCHEN HOOD EXTINGUISHING SYSTEMS
