Background

The recently adopted Strategic Plan for the Colorado State Fire Chiefs' Association (CSFCA) calls for the development of a Technical Advisory Group, or a "Members Helping Members" network. The purpose of this network is to provide subject matter experts that can be called upon when their colleagues are in need of assistance. It is also intended to provide a pool of "seasoned" fire chiefs willing to serve as mentors for new fire chiefs.

The individuals identified in this directory are those that responded to the survey conducted from 12/18/2006 – 2/6/2007, and answered affirmatively to the question: "Are you willing to be called upon when your technical expertise and/or experience is needed by another fire chief in the state?" The areas of expertise listed were self-identified by the individual.

The first part of this directory lists individuals and their area(s) of expertise. The second part lists individuals by area of expertise.

The CSFCA Board of Directors extends its sincere appreciation to those members who have volunteered to extend their hand to assist a colleague in need.

Please call any corrections, additions, or deletions to the attention of the CSFCA Executive Director.

Part 1 Areas of Expertise by Individual

Aaron Eveatt, Fire Chief
La Junta Rural Fire Protection District
601 Colorado Ave./P.O. Box 1066
La Junta, CO 81050

Phone: 719-384-2323
