2010 Missouri Valley Fire Chiefs Conference

Taking Leadership to the Peak

The Colorado Springs Fire Department is proud to be hosting the 2010 Missouri Valley Fire Chiefs Conference and would like to extend to you our personal invitation to join us on July 7th – 9th, 2010.

This year's event features guest speaker Kelvin J. Cochran, U.S. Fire Administrator for the Federal Emergency Management Agency (FEMA), and is charged with overseeing, coordinating and directing national efforts to prevent fires and improve fire response. Mr. Cochran has twenty – eight years of experience in the fire service to include Fire Chief for the City of Atlanta Fire Rescue Department.

Timothy E. Sendelbach is the President and Founder of TES², Training and Education Services. He is also currently the Editor-In-Chief of Fire Rescue Magazine. Mr. Sendelbach will be speaking on The Sofa Super Store Fire and about Fireground Leadership.

Dave Barr is a native Californian who rode his 1972 Harley-Davidson around the world. His journey carried him across six continents and took a grueling three and a half years (September 1990 - May 1994) and 83,000 ridden miles to complete. If this wasn't enough of a distinction, he's also the only disabled person to have accomplished such a feat. Dave is a double amputee, who lost both of his legs to a land mine explosion in Angola in 1981.

This year's event holds exciting opportunities to interact with vendors and view state of the art fire service equipment. In addition to hearing the exceptional guest speakers and networking with vendors, come enjoy the scenic beauty of Colorado Springs.
