Association (CSFCA)
Present:**

***Managing Emergency Incidents on the Roadway
Train-the-Trainer***

**Thursday, June 5, 2008
8:30 AM – 4:30 PM (Check-in 8:00 AM)**

This hands-on, practical train-the-trainer workshop will provide participants with the tools they need to train fire department and other emergency responders to safely manage roadway incidents while addressing the needs of the other responding departments and agencies. The program addresses the need for Multidisciplinary NIMS and Traffic Incident Management (TIM) training identified in the National Unified Goal for Traffic Incident Management developed by the National Traffic Incident Management Coalition. Attendees will participate in and learn to facilitate table top exercises that reinforce the implementation of ICS and unified command at emergency incidents on the roadway.

Training materials developed by the Emergency Responder Safety Institute will be provided to all participants.

Hosted by:
Montrose Fire Protection District

at:
Holiday Inn Express
1391 S Townsend Ave
Montrose, CO

Class Size is Limited.

Register Today!

Don't Delay.

Instructor: Jon C. Jones, Emergency Responder Safety Institute

This course is open to all first responders (fire, law enforcement, EMS), emergency management and highway department personnel. The target audience is first-level supervisors or above and individuals responsible for training. This course is grant-funded and is FREE of charge to participants. The number of participants per agency may be limited, based on demand and space.

Please register by Friday, May 30, 2008 using the attached registration form.
