Sarasota County emergency personnel remove the body of a man who authorities say committed suicide in a car at Siesta Public Beach on Wednesday.

SIESTA KEY - A hazardous materials team closed half of the Siesta Key Beach parking lot Tuesday morning after a man committed suicide in his car using a dangerous mix of chemicals, the Sheriff's Office said. Deputies responded to the scene at about 8:30 a.m. after someone saw a man slumped over the wheel of a car, the Sheriff's Office said.

A note on the window warned others to stay away from the car because there was a chemical inside.

Hazmat teams opened the door to let the chemical escape; sheriff's detectives investigated the scene throughout the day.
